

The Home 2 Home Team

Judy Donnelly - Principal Consultant

I migrated to South Australia from the UK in 2003 with my husband and two teenage sons. Each member of our family faced challenges and hurdles during the first few months in a foreign place that was now to be our permanent home. We surmounted these by pulling together and helping one another. We also discovered the importance of building strong support networks through interacting with our new community.

Home 2 Home Settlements was born out of my desire to help other families and individuals overcome those intimidating re-location obstacles. After all, it is the giant step that once taken can often seem so much bigger. We are here to help and make you feel welcome!

Dianne Rawley - Business Development Manager - Adelaide Office

After my husband was offered a job with an Employer Sponsored visa, things moved quickly. Within a few months, we had sold up in the UK, and migrated to Australia with our two young children.

Leaving behind family, friends, and all things familiar is pretty daunting. Children often adapt far quicker than adults. Getting out there, talking to people, accepting social invitations and making new friends was essential... not so easy if you're shy! Friendly, caring and professional, Home 2 Home Settlements offers everything we wish had been available for us and more!

Mandy Tanna - Business Development Manager - UK Office

I have been to Australia several times, visiting friends and colleagues who have emigrated to achieve a better lifestyle for themselves and their families. I am aware, from their various stories, of how challenging an experience this can be. Having a friendly but professional service to turn to for advice and support in those vital first few months would have helped them all to come to terms with what is, after all, a life-changing decision. Home2Home exists to fill that gap and I am proud to be the UK representative of this vibrant and committed business.

Migration to Australia

Decided to start a new life in Australia? - Good on ya!

Anxious about how you are going to do this? - No worries!

Migrating is an exhilarating journey filled with ups and downs but we are here to make sure it is not a worrying or lonely one. Arriving in a new country can prove challenging when you know very little and have no-one to call on. Simple things you take for granted at home suddenly become major challenges.

Being migrants ourselves, We know and understand these challenges and through experience, will provide support and assistance in a friendly and caring way. Take the stress out of relocation and start looking forward to a fantastic new life down under. Home2Home Settlements can help you every step of the way ...

SOUTH AUSTRALIA - Adelaide

From the minute you leave the airport and start looking around this great city, you'll realise Adelaide has that special something - It has a warmth and generosity about it that's immediately welcoming...a city that's comfortable with itself.

Surrounded by vast green parklands you will find a buzzing, compact city centre that's easy to navigate by car or foot. Renowned for its 'mediterranean climate', some of the lowest unemployment rates in Australia, and a booming economy, it's surely one of the best places you could choose to live!

Our Services

Unlike others, Home2Home Settlements offers a complete relocation service catering for the needs of all types of visa holders. We realise that everyone's needs are different and can adapt our services to suit.
